Dear Sir, Madam,

This application is regarding a full or part time position to work as a **Graphics Designer** in our growing internet company.

Since 2008, our company has been working online and operating a range of websites as well as offering services as search engine consultants and general business consultants in a range of online marketplaces.

The two directors of the company are Tim and Anthony Buchalka. Tim has 26 years experience as a software programmer and Anthony Buchalka has 7 years experience in online marketing and has a degree in Education.

Recently the company has expanded into the mobile apps market, where we are creating games for the IOS platform (iPhone, iPad and iTouch).

Job description

We need individuals who have the passion for art as well as some experience with Photoshop and other similar graphics packages like this.

You will be working with our game developers to create games for applications that we have mentioned above.

We will also be asking you sometimes to create some headers and designs for our website, etc.

We do not require you to have had any commercial experience working for other companies, however any relevant experience will be highly regarded.

Our commitment to you

If you were successful in being offered a position, you would be joining an Australian company which is growing rapidly and who are providing long term employment for many people around the world.

We are a friendly and supportive company who value and support our online staff. We pay all our staff each 2 weeks.

Your generous salary will be negotiated when we get the opportunity to discuss it with you.

Our requirements for our web designer positions include;

- Experience as per the “job description” above
- A university degree (computer related degree preferred but not an absolute requirement).
- A working command of written English.
- Willingness and ability to learn new tasks.
- Motivation and a willingness to provide a high standard of work.
- Have an interest in computer gaming.
- Being able to work by yourself and/or as part of a team.
- Able to complete tasks in a timely fashion and work to deadlines.

WHAT TO DO NEXT?

If interested please do the following.

Contact us at our support desk by visiting the link below.

<http://www.marketingassassins.com/>

Open and lodge a ticket at our support desk using the "employment" category.

In the ticket at our support desk, please provide the following information.

Attach your CV or resume (either .pdf or .doc) and also submit a short letter expressing your interest in the position of web designer and why you would like to work with us.

Also, please include your Skype name if we decide to later contact you.

We look forward to hearing from you.

Best regards

Anthony Buchalka Tim Buchalka
